

H-150

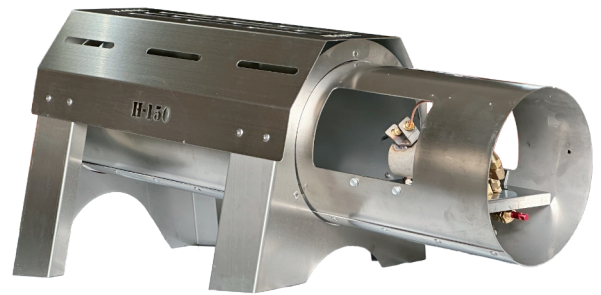

PORTABLE DIRECT FIRED HEATER

INFORMATION SHEET

FEATURES

- **Efficient and Clean**
Powered by propane, an eco-friendly and cost-effective fuel
- **Compact and Powerful**
Ideal for smaller projects or worksites, delivering efficient heating without occupying too much space
- **Space-Saving Design**
Sleek and unobtrusive, ensuring it doesn't intrude on your workspace
- **Optimal Warmth**
Provides reliable and consistent heating, perfect for maintaining comfort in cooler environments
- **Propane-Fuelled Efficiency**
Utilizes propane for cost-effective and efficient heating
- **User-Friendly and Convenient**
Designed for practicality and ease of use

SPECIFICATIONS

BTUH	Min 50,000 BTUH / 15 kW Max 150,000 BTUH / 44 kW
Fuel	Propane Gas
Weight	19.5 lbs 8.9 kg
Dimensions	30" x 11.25" x 14" 76 x 29 x 36 cm
Regulator With POL	Preset to 20 PSIG 138 kpa
Manifold Pressure	2.25 to 20 PSIG 15.5 to 138 kpa
Certification	CSA
Air Outlet Diameter	8" 20 cm
Thermostat	No
Fuel Consumption / Hr	2.3 to 6.9 lbs 1.0 to 3.1 kg
